8 of 8 review helpful Very well written book By iwanttogothere This is the first edition of the book closely modeled after the Hem Onc syllabus at Harvard Medical School The authors have done a phenomenal job for a first edition The book is small nicely organized the writing is excellent and it makes for easy reading sufficient detail not overwhelming

but not glossing over important points either My guess is thi A concise full color review of the mechanisms of blood diseases and disorders ndash based on a Harvard Medical School hematology course2015 Doody s Core Title 4 STAR DOODY S REVIEW This is a superb book Deceptively small yet packs a wallop The emphasis on principles instead of practice is welcome The text is clear concise and surprisingly approachable for what could have been a very dense and dry discussion I could About the Author Author Profiles Dr Bunn and Dr Aster are outstanding educators in blood diseases at Harvard Medical School Dr Bunn is a former president of the American Society of Hematology and has a great reputation among leading experts in hemato
