By David W. Kaufman, Judith P. Kelly, Micha Levy, Samuel Shapiro : The Drug Etiology of Agranulocytosis and Aplastic Anemia (Monographs in Epidemiology and Biostatistics, Vol. 18) The Drug Etiology of Agranulocytosis and Aplastic Anemia (Monographs in Epidemiology and Biostatistics, Vol. 18):

Agranulocytosis and aplastic anemia figure prominently among certain serious diseases which can be precipitated by drugs Several hundred different agents with substantially different chemical and pharmacological properties have been implicated although the evidence incriminating specific drugs has been largely anecdotal This book describes the findings of a rigorous and comprehensive epidemiological investigation designed to provide reliable quantitative data on the d A valuable reference text for practitioners needing accurate information on drug induced agranulocytosis and aplastic anemia The Annals of Pharmacology Provides a systematic exposition of the study methodology and results organized in a detai
