From Springer : The HLA System: A New Approach aug 04 2017nbsp;the first human leukocyte antigen hla haplotype association with inflammatory disease was discovered in 1972 correlating hla b27 with ankylosing statistical analysis in hla and disease association studies mtevfik dorak see also common concepts in statistics and The HLA System: A New Approach:

This volume documents our growing understanding of the human major histocompatibility complex. The application of this information is ever more important as the limits of transplantation continue to be reduced including the recent success of bone marrow transplantation between unrelated but closely matched individuals. In addition, the need to transfuse platelets in the face of immunologic barriers continues to challenge transfusion services. Thus, the serologic informa
