## 3040 Activities for Children in Therapy: A Guide for Planning and Facilitating Therapy With Troubled Children:

Activities for Children in Therapy provides the mental health professional with a wide variety of age appropriate activities which are simultaneously fun and therapeutic for the five to twelve year old troubled child. These activities have been designed as enjoyable games that both the therapist and child can play in the context of therapy. This latest edition of the text takes much of the hard work out of planning and implementing this therapy with children. The author, Susan T. Dennison, A.C.S.W., L.C.S.W., practiced clinical social work for fifteen years in a wide variety of treatment settings for at risk children and adolescents with six of those years as a clinical administrator of a program for severely d
