0 of 0 review helpful haematology Colour Text By Greta These colour texts are really good for review I purchased the

Haematology text but the publishing date was in the early 2000 s so that some of the information not really up to date i
e especially for treatments of the leukemias No matter still a simple and good review of some of the basics It is not
meant to be a heavy duty hematology text Color photos or Colo This textbook on haematology in the Illustrated
Colour Text series is suitable for medical students junior doctors and others needing a concise and practical
introduction to the subject Concise and manageable coverage of the major blood diseases and their treatment Does not
overload the reader with science unlike some competing books Focus is on the haematology patient and on the
practical aspects of the subject Makes use of the attra About the Author Martin Howard Consultant Haematologist
Department of Haematology District Hospital York UK Peter Hamilton Consultant Haematologist Department of
Haematology Royal Victoria Infirmary Newcastle upon Tyne UK
