1 of 1 review helpful I agree better than Foucar By Stetson Kennedy This may be the best hematopathology book out

there short of the WHO blue book It really incorporates the flow molecular and histology H E and aspirate As another reviewer mentioned this is better than Foucar s book which I also own Foucar s book is really good but it doesn t incorporate flow molecular etc Secondly a large par This Atlas is an essential guide to both the diagnosis and differential diagnosis of neoplastic hematopathologies based on specific parameters It will be an invaluable reference for all practicing hematologists oncologists and pathologists Atlas of Differential Diagnosis in Neoplastic Hematopathology Second Edition discusses basic clinical data prognostic data morphologic d The strength of the book is its extremely large number of color figures of morphology immunohistochemistry and flow cytometry scatter plots The numerous flow cytometry diagrams allow the authors to delve more deeply into this analysis method than do mo
