0 of 0 review helpful haematology Colour Text By Greta These colour texts are really good for review I purchased the

Haematology text but the publishing date was in the early 2000 s so that some of the information not really up to date i
e especially for treatments of the leukemias No matter still a simple and good review of some of the basics It is not
meant to be a heavy duty hematology text Color photos or Colo 2014 BMA Medical Book Awards Highly
Commended in Internal Medicine category This textbook on haematology in the Illustrated Colour Text series is
suitable for medical students junior doctors and others needing a concise and practical introduction to the subject
Concise and manageable coverage of the major blood diseases and their treatment Does not overload the reader with
science unlike some competing books Focus is on
