By John C. Flynn Jr. PhD MS MT(ASCP) SBB : Essentials of Immunohematology, 1e Essentials of Immunohematology, 1e:

1 of 1 review helpful Lifesaver By Dino This book really helped me in understanding the essentials of blood banking where as I only had 3 weeks to learn everything about it I sat down one night and read this book and everything fell into place and seemed so easy after reading this very cut to the chase book that tells you the info that you need to know without dragging it out and making it boring Best text book I ha Here is a concise presentation of the essential knowledge and skills readers need to perform blood banking effectively Coverage addresses blood group systems

compatibility testing quality assurance antiglobulin testing blood donor selection collection processing and more A second color highlight case studies real life clinical scenarios learning objectives review questions and a glossary make the material come alive for readers
