By Pat McKee, Leanne Morgan : Orthotics in Rehabilitation: Splinting the Hand and Body milliken medical provides durable medical equipment for your professional needs including home medical equipment canes and aids for daily living complete physical and occupational orthopedic rehab manual therapy pre op rehab orthotics and kinesiotaping splint fabrication modalities aquatic therapy Orthotics in Rehabilitation: Splinting the Hand and Body:

Synthesis of theoretical concepts with orthotic fabrication procedures Emphasis is on the hand and upper extremities

but the book also provides a reference for the lower extremities Heavily illustrated fabrication procedures include patterns and step by step instructions for dozens of orthoses described in a way that both the beginner and experienced therapist will understand The designs both static and dynamic are innovative and emphasize client comfort and
