0 of 0 review helpful Great reference book By Bob Excellent veterinary hematology reference book 0 of 0 review helpful Five Stars By Karina very good 4 of 4 review helpful Best Veterinary Hematology book reference By Harris T TheFifth Edition of Schalm s Veterinary Hematology is a valuable tool to anyveterinarian The long awaited Sixth

Edition of Schalm's Veterinary Hematology has been revised and reorganized to increase accessibility and cohesiveness of the text. Topics are grouped within established disciplines in hematology and outlines are now included at the beginning of each chapter. The book features new sections on Hematotoxicity and Quality Control and Laboratory Techniques and includes expanded sections on Laboratory Animal Hematology and Species Specific Hematology. The 6th edition of Schalm's Veterinary Hematology is a comprehensive textbook that primarily targets veterinary clinical pathologists, pathology residents and staff within veterinary diagnostic laboratories. It is also a valuable reference for internists.
