3 of 3 review helpful A Nice Surprise for Casual Readers Medical Professionals By J Stensrude Right Hemisphere

Stroke is an amazing surprise Johnson has approached his topic with humor intelligence and good writing skills The result is a sometimes funny always informative and touching memoir about the stroke he suffered when he was 38 years old I read it to get some specific information about strokes I didn't find In Right Hemisphere Stroke Fred Johnson describes in vivid prose the onset of his devastating stroke and the obstacles he overcame during his therapy giving a patient's view of a first class rehabilitation institute Johnson pays particular attention to the personality changes and the problems of disorientation he experienced He poignantly captures the bewilderment and terror so often felt by stroke patients in the hospital and upon returning home In tell About the Author Fred K Johnson is currently a staff member and featured columnist for A Stroke of Luck a newsletter for stroke survivors Formerly he was director of labor relations for Keller Industries a Miami based manufacturing conglomerate Johnson hol
