From Springer : The Coagulation Consult: A Case-Based Guide the coagulation consult a case based guide 9781493945016 medicine and health science books amazon the paperback of the the coagulation consult a case based guide by alan lichtin at barnes and noble free shipping on 25 or more The Coagulation Consult: A Case-Based Guide:

There have been many changes in the field of coagulation during the past decade New concepts of epidemiology of risk factors for thrombosis now help clinicians predict who is more likely to form clots after surgery or after being

placed on oral contraceptives New anticoagulants have the potential to redefine how patients with atrial fibrillation and venous thrombosis are managed There are new forms of recombinant clotting factors which have changed our approach to From the reviews Idquo The purpose is to address and bridge the gap in commonly encountered coagulation issues today curiously artificially separated and managed by either vascular surgeons thrombotic disorders or clinical hematologists bleeding disorder
