By Craig S. Kitchens MD, Barbara A Konkle MD, Craig M. Kessler MD : Consultative Hemostasis and Thrombosis, 2e (Kitchens, Consultative Thrombosis and Hemostatis) Consultative Hemostasis and Thrombosis, 2e (Kitchens, Consultative Thrombosis and Hemostatis):

0 of 0 review helpful Do not buy kindle version By Km I bought the kindle for mac version of this excellent textbook

Unfortunately kindle for mac does not support tables Hence all of the tables in the book CANNOT BE Read because of very small font size and no way to zoom in or increase font size of the text within table Key information such as commercially available factors is presented in tables which one CANNOT read Effectively and efficiently diagnose and manage today s full range of clotting and bleeding disorders using clinical case studies that demonstrate real world problems and solutions For each condition examined you ll review concise descriptions of its associated symptoms along with laboratory findings diagnosis differential diagnosis and treatment all the clinical guidance you need at your fingertips It s the ideal real life reference tool for busy physicians BMA Book Awards 2008 Highly Commended I have owned the first edition of this book for several years and have found it highly useful I cannot remember trying to look up a clinical haemostatic problem however obscure without finding it referenced a
