(Incredibly Easy! Series®):

5 of 5 review helpful next best thing to learning by doing By Susan D Gabriel As a visual learner myself i found this book very useful in explaining HD monitoring to new ICU nurses and a great refresher to experienced nurses The stress level in a cardiothoracic ICU is very high and simplicity is always necessary I plan to take a copy of this and the

other incredibly visual books to Rwanda this April to help teach the Hemodynamic Monitoring Made Incredibly Visual offers an innovative visual approach to mastering the principles and practice of hemodynamic monitoring Continuing the tradition of the award winning Incredibly Easy Series reg this one of a kind book presents a challenging area of nursing practice in an original accessible and engaging format Hundreds of detailed and colorful photographs diagrams charts and other visual aids clarify e
